

Policy

14 INVESTMENT POLICY

File Reference No: 12.024.2
Strategic Outcome: Good government
Date of Adoption: 15/11/2017
Date for Review: 21/11/2018
Responsible Officer: Director Corporate Services

1. POLICY STATEMENT

In order to meet future financial commitments, Berrigan Shire Council retains cash that it has no plans to spend in the immediate future. To make better use of this cash and to retain its future value, the Council will invest these spare funds – in line with legislation and other legal requirements.

This policy is made under section 625 of the *Local Government Act 1993* (the Act) and in accordance with the Ministerial Investment Order published in the Government Gazette of 12 February 2011 and Office of Local Government Circular 17-29

2. PURPOSE

The purpose of this policy is to provide a framework for the investing of Council's funds at the most favourable rate of interest available to it at the time whilst having due consideration of risk and security for that investment type and ensuring that its liquidity requirements are being met.

While exercising the power to invest, consideration is to be given to the preservation of capital, liquidity, and the return of investment.

The Council's Financial Strategy 2016 commits the Council to the following action:

Maintain the existing Investment Policy settings prioritising preservation of capital over investment return.

Preservation of capital is the principal objective of the investment portfolio. Investments are to be placed in a manner that seeks to ensure security and safeguarding the investment portfolio. This includes managing credit and interest rate risk within identified thresholds and parameters.

Policy

Investments should be allocated to ensure there is sufficient liquidity to meet all reasonably anticipated cash flow requirements, as and when they fall due, without incurring the risk of significant costs due to the unanticipated sale of an investment.

Investments are expected to achieve a market average rate of return in line with the Council's risk tolerance.

3. SCOPE

This policy applies to all Council officers with responsibility for the investment of Council's funds.

4. OBJECTIVE

This policy is developed to assist the Council with Delivery Plan Objective 2.1.3.1:

Coordinate Council investments, financial management, financial operations and processing

5. DEFINITIONS

Credit risk – the risk that an institution or a product the Council has invested in fails to pay the interest and/or repay the principal of an investment;

Market risk – the risk that the fair value or future cash flows of an investment will fluctuate due to changes in market prices;

Liquidity risk – the risk the Council is unable to redeem the investment at a fair price within a timely period; and

Maturity risk – the risk relating to the length of term to maturity of the investment – the longer the term, the greater the length of exposure and risk to market volatilities;

Preservation of Capital – the requirement for preventing losses in an investment portfolio's total value (considering the time value of money);

Diversification – setting limits to the amounts invested with a particular financial institution or government authority to reduce credit risk;

Liquidity – ensuring that funds are available in a timely manner to meet the Council's cash flow requirements without the unanticipated, and potentially disadvantageous, sale of investment products.

Policy

6. POLICY IMPLEMENTATION

6.1 Delegation of authority

Authority for implementation of the Investment Policy is delegated by Council to the General Manager in accordance with the *Local Government Act 1993*.

The General Manager may in turn delegate the day-to-day management of Council's investments to the Responsible Accounting Officer, or to other Officers. This is subject to regular review.

Officers' delegated authority to manage Council's investments shall be recorded in line with the Council's standard procedures regarding delegations.

Officers with delegated authority under this policy will be required to acknowledge they have received a copy of this policy and understand their obligations in this role.

6.2 Prudent person standard

The investment will be managed with the care, diligence and skill that a prudent person would exercise. As trustees of public monies, officers are to manage Council's investment portfolios to safeguard the portfolio in accordance with the spirit of this Investment Policy, and not for speculative purposes.

6.3 Ethics and Conflicts of Interest

Officers shall refrain from personal activities that would conflict with the proper execution and management of Council's investment portfolio.

Councillors and Officers are obliged to act in accordance with the Council's Code of Conduct and comply with the Council's procedures for declaring gifts and actual or perceived conflicts of interest.

Independent advisors are also required to declare that they have no actual or perceived conflicts of interest. Dealings between the Council and an independent advisor will be in line with the Council's Statement of Business Ethics.

6.4 Approved investments

Investments are limited to those allowed by the most current Ministerial Investment Order that has been issued by the NSW Minister for Local Government.

Policy

6.5 Prohibited investments

In accordance with the Ministerial Investment Order, this investment policy prohibits but is not limited to any investment carried out for speculative purposes including:

- Derivative based instruments;
- Collateralised Debt Obligations (CDOs);
- Principal only investments or securities that provide potentially nil or negative cash flow; and
- Stand-alone securities issued that have underlying futures, options, forwards contracts and swaps of any kind.

This policy also prohibits the use of leveraging (borrowing to invest).

6.6 Local economic benefit

The Council will give consideration to investment products from institutions that provide a direct economic benefit to the Berrigan Shire community. This may include:

- Institutions that operate a retail branch in the Shire
- Institutions specifically established for the purpose of investing in the local area including the Berrigan Shire, such as local credit unions.

This is conditional upon the Council complying with its other obligations under this policy and the achievement of comparable investment security and rates of return. Any such consideration will be in line with the Council's obligations under legislation and its purchasing policies and procedures.

6.7 Risk management

In accordance with the Council's Risk Management Policy and Framework, the Council should minimise risks and encourage and promote transparency and good governance.

Risks will be assessed with resultant investment decisions authorised by the General Manager, or in accordance with Delegated Authority.

Controls will be integrated into investment management strategies which recognise these risks:

- Credit risk
- Market risk
- Liquidity risk
- Maturity risk

Policy

When addressing these risks the Council and its officers will consider the following key principles:

- Preservation of Capital
- Diversification
- Liquidity

In addition to employing controls to reduce counterparty risk, management and operational controls for corruption prevention will be employed, which include:

- Fraud Control measures as identified in the Council's Fraud Control Policy and associated plans.
- Compliance with the Council's Code of Conduct
- The use of the Council's Gift and Conflict of Interest Disclosure procedures
- Reference to the Internal Reporting Policy.
- Monthly reporting to the Council
- External Auditing

6.8 Investment advisor

The Council may, from time to time, appoint a consultant to provide independent advice on the Council's investment strategy or on individual investment products. Independent advisors must be licenced by the Australian Securities and Investment Commission and must be appointed by resolution of the Council.

The advisor must be an independent person who has no actual or potential conflict of interest in relation to investment products being recommended and is free to choose the most appropriate product within the terms and conditions of the investment policy. This specifically excludes the appointment of advisors that receive commissions from providers of investment products likely to be reviewed or recommended.

The independent advisor is required to provide written confirmation that they do not have any actual or potential conflicts of interest in relation to the investments they are recommending or reviewing, including that they are not receiving any commissions or other benefits in relation to the investments being recommended or reviewed.

The requirement for advisors to be independent and declare any conflict of interests does not apply where the Council is seeking investment advice from the NSW Treasury Corporation as per Office of Local Government Circular 17-29.

Policy

6.9 Measurement

The Council will measure and report on its investments to the Council on a market value basis. The market value is to be assessed at least once a month to coincide with the monthly Investment Report.

For the purpose of the annual financial statements, investments will be valued in line with Australian Accounting Standards and the Local Government Code of Accounting Practice and Financial Reporting

6.10 Benchmarking

Performance benchmarks can be established and should be based on sound and consistent methodology. When determining benchmarks, consideration should be given to the Council's risk profile and liquidity requirements.

Benchmarks will be determined by the Council on an as-needs basis but reviewed no less than annually as part of the Council's budget process.

Performance against benchmarks will be included in a monthly report to the Council.

6.11 Reporting and reviewing of investments

Documentary evidence must be held for each investment and details thereof maintained in an Investment Register.

The documentary evidence must provide Council legal title to the investment.

Certificates must be obtained from the financial institutions confirming the amounts of investments held on the Council's behalf as at 30 June each year and reconciled to the Investment Register.

All investments are to be appropriately recorded in Council's financial records and reconciled at least on a monthly basis.

A monthly report will be provided to Council. The report will detail the investment portfolio in terms of performance, percentage exposure of total portfolio, maturity date and changes in market value.

6.12 Policy review

This Investment Policy will be reviewed by the Council no less than annually. It will also be reviewed as required in the event of legislative changes.

Policy

The Investment Policy may also be amended as a result of other events that provide the Council with opportunities that are to the advantage of the Council and in the spirit of this policy.

Any amendment to the Investment Policy must be by way of Council resolution.

7. RELATED LEGISLATION, POLICIES AND STRATEGIES

7.1 Compliance

All investments are to comply with the following

- *Local Government Act 1993*
- *Local Government (General) Regulation 2005*
- *Ministerial Investment Order*
- *Local Government Code of Accounting Practice and Financial Reporting*
- Australian Accounting Standards
- Office of Local Government Circulars

7.2 Relevant Council documents

- Long Term Financial Plan
- Financial Strategy 2016
- Fraud Control Policy
- Fraud Control Plan
- Risk Management Policy and Framework
- Code of Conduct
- Internal Reporting Policy
- Statement of Business Ethics
